[DP]
- 5.3 Each competitor will also have to pay a damage deposit of 1,500 RMB (or equivalent) before being allocated a boat and associated equipment for use during the event. This shall be paid in cash at or before registration. This damage deposit will only be refunded if the boat and all supplied equipment is returned by the competitor at the end of the event in the same condition as it was originally supplied. [DP]
- 7.2 The technical committee may also make spot checks of boats throughout the event, and may also require certain boats to be presented for inspection before or after racing on any day.
- 7.3 The fact that a boat has been inspected by one or more members of the technical committee, or any other event official, does not reduce the responsibilities of each competitor set out in the RRS or any other document governing this event.

- 18.1.3 They accept responsibility for any injury, damage or loss to the extent caused by their own actions or omission;
- 18.1.4 It is their responsibility to ensure that the boat provided to them is in good order, equipped to sail in the event and that they are fit to participate;
- 18.1.5 The provision of a race management team, patrol boats and other officials and volunteers by the event organisers does not relieve them of their own responsibilities;
- 18.1.6 The provision of patrol boat cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances;
- 18.1.7 It is their responsibility to familiarise themselves with any risks specific to this venue or this event drawn to their attention in any rules and information produced for the venue or event and to attend any competitor briefing held for this event.
